

Corporate Dashboard Public Health 2018/19													
Indicator Reference	Indicator Name	Good is	Unit	Frequency	Data shown as	18/19 Council Plan Priority Link	18/19 Target	Target Explanation	Q1 18/19	Q2 18/19	Q2 Performance comparison with Q2 17/18	Q2 Performance comparison with previous Quarter	Comment
MKC 644	Childhood immunisation coverage (2yrs olds MMR coverage)	Bigger	Percentage	Quarterly IN ARREARS	Latest figure provided	6	95%	Target per Quarter	91.4%	N/A	-	-	NHS England have responsibility for childhood immunisations and cancer screening which are both amber, we are following up to ensure a strong MK focus
PH033	Number of referrals to Amkers	Bigger	Number	Quarterly	Latest figure provided	6	200	Annual target (Q1 - 25, Q2-40, Q3 & 4 - 67.5)	21	46	-		
PH 048	Nos of Pharmacies signed up to and delivering HLP	Bigger	Number	Quarterly	Latest figure provided	6	80%	Target per Quarter	86.6%	87%	-		
New	Cervical Screening uptake % age 25-64 years	Bigger	Percentage	Quarterly IN ARREARS	Latest figure provided	6	80%	Target per Quarter	73%	N/A	-	-	
New	Health Checks - Completed checks. The number of people eligible for the NHC Health Check programme who have received an NHS Health Check	Bigger	Number	Quarterly IN ARREARS	Latest figure provided	6	7421	Annual target (Quarterly target 1810.25)	1828	N/A	-	-	
MKC 647	Health Checks - Invites sent. The number of people eligible for the programme who have been offered and NHS Health Check	Bigger	Number	Quarterly IN ARREARS	Latest figure provided	6	14843	Annual target (Quarterly target 3710.75)	3290	N/A	-	-	
NI53i	Breastfeeding prevalence at 6-8 weeks after birth	Bigger	Percentage	Quarterly IN ARREARS	Latest figure provided	6	57%	Target per Quarter	59%	N/A	-	-	
PH002	% of women Smoking at Time of Delivery	Smaller	Percentage	Quarterly IN ARREARS	Latest figure provided	6	12%	Target per Quarter	11.8%	N/A	-	-	
MKC 648	NHS Health Check Uptake Rate	Bigger	Percentage	Quarterly IN ARREARS	Latest figure provided	6	50%	Target per Quarter	56%	N/A	-	-	Q2 figures are delayed due to new software provider, these will be updated as soon as available.
PH034	Successful completions of clients who live with children as a proportion of all clients in treatment who live with children under the age of 18 - Opiates (DOMES 2.13)	Bigger	Percentage	Quarterly IN ARREARS	Latest figure provided	6	9%	Target per Quarter	2.9%	N/A	-	-	Under target; due to the size and nature of this cohort, performance tends to fluctuate. Also, client group are often more complex due to nature of substance misuse and having children, for example clients may be in treatment as a requirement by children's social care rather than having a genuine commitment to engage with and complete treatment.
PH035	Successful completions of clients who live with children as a proportion of all clients in treatment who live with children under the age of 18 - Alcohol (DOMES 2.13)	Bigger	Percentage	Quarterly IN ARREARS	Latest figure provided	6	40%	Target per Quarter	25.6%	N/A	-	-	Under target. As above, however, number of successful completions have risen by 3 from the previous quarter. Re-presentations continue to be low, showing that clients can sustain successful completions and indicating that those clients who successfully completed were correctly identified by the service as being ready to do so, sustaining that stage of recovery.
PH016	Proportion of all in treatment who successfully completed treatment and did not re-present within 6mths - opiate (PHOF 2.15i)	Bigger	Percentage	Quarterly IN ARREARS	Latest figure provided	6	9%	Target per Quarter	4.5	N/A	-	-	Continues to be under target, primarily driven by low numbers of successful completions. Re-presentations continue to be low, showing that clients can sustain successful completions and indicating that those clients who successfully completed were correctly identified by the service as being ready to do so, sustaining that stage of recovery
PH028	% of under 18's leaving drug and alcohol treatment with a "planned exit"	Bigger	Percentage	Quarterly IN ARREARS	Latest figure provided	6	79%	Target per Quarter	85.9	N/A	-	-
