| Reserve Name | Purpose | Status | Position 31/03/2018 | Forecast position 31/03/2019 | Forecast position 31/03/2020 | Forecast position 31/03/2021 | Forecast position 31/03/2022 | Commentary |
| GF Working Balance | | | | | | | | |
| General Fund (GF) Working Balance | Statutory Reserve to hold sufficient revenue funds to meet unexpected or unplanned expenditure or shortfalls to income not allowed for within the Councils main revenue budget. | Active | (19.680) | (20.479) | (20.479) | (20.479) | (20.479) | |
| Total GF Working Balance | | | (19.680) | (20.479) | (20.479) | (20.479) | (20.479) | |
| GF Budget Management | | | | | | | | |
| Corporate Property Reserve | To fund one-off expenditure of the Council's Operational Buildings in line with approved Asset Management Plans. | Active | (2.612) | (2.471) | (2.471) | (2.471) | (2.471) | A Strategic Asset Management Strategy is currently being developed and it is expected that this will identify further investment required in Council Operational Assets. The forecast balance of this reserve is therefore expected to be revised downwards once this Strategy has been approved. |
| Highways Severe Weather Reserve | To fund exceptional costs arising from severe weather events and the cost of keeping local roads accessible and safe (inc Grit Bins) where the base budget is not sufficient. | Active | (0.412) | (0.423) | (0.423) | (0.423) | (0.423) | |
| Housing Benefit Subsidy LA Error Reserve | Recommended balance held to manage the impact of the LA Error Threshold being breached. | Active | (1.595) | (1.595) | (1.000) | (1.000) | (1.000) | Progress has been made on clearing the backlog, which will mean that the error rate will in the short term increase, thereby increasing the likelihood that this reserve will be called upon for the 2018/19 and 2019/20 claims. We have made provision for this in the forecasted balances but this is subject to change. |
| HR Manpower Planning Reserve | This fund supports one-off costs associated with Council Terms and Conditions, Restructuring and Re-organisations. | Active | (2.724) | (2.363) | (1.863) | (1.363) | (0.863) | This reserve will be used to fund one-off costs from staff restructuring. It has been assumed that we will drawdown £0.500m a year. |
| Internal Insurance Fund | Internal fund used to manage the financial risk of claims which fall below the excess limits under the Councils Insurance provider contract. | Active | (3.272) | (2.272) | (2.272) | (2.272) | (2.272) | provide sufficient resources to meet future liabilities that are not covered by external insurance policies. Whilst this reserve could be recycled this would require the Council to place higher levels of external insurance, resulting in higher premiums and is not |
| LCTS & Welfare | This is to fund the potential impact from LCTS and the withdrawal of reimbursement of loss on council tax overpayments from central government. | Active | (1.014) | (0.932) | (0.832) | (0.732) | (0.632) | Giver and the uncertainty over onwested rectire and wide economic states the Council maintains this reserve to help support vulnerable local residents who need additional temporary support which falls outside of the Council Tax Support scheme or Discretionary Housing Payments funding from Central Government. Whilst no forecast use of this funding has been made it is likely that this balance will reduce over the medium term. We will anticipate small use against this reserve over the medium term and this reflected in the |
| Legal Fees Reserve | Provides for one-off funding as and when legal challenges arise to either defend the Council's position or take action to protect its and the taxpayers interests. | Active | (1.572) | (0.347) | (0.347) | (0.347) | (0.347) | This is a reactive reserve to support the legal costs of unexpected or exceptional cost not factored into the Councils base budget. There are no current plans to make new contributions to this reserve but the funding level will be reviewed each year. |
| Money Market Reserve | Mitigates against the impact of shortfalls in investment returns on the revenue budget caused by lower yields. | Active | (0.400) | (0.400) | (0.400) | (0.400) | (0.400) | |
| NNDR - funding volatility reserve | Reserve maintained to deal with the volatility of business rates income as a result of unexpected changes to income from appeals and potential future changes to the system by government. | Active | (2.078) | (5.993) | (5.993) | (2.997) | (2.997) | Our current working assumption is that a reset will arise in 2020/21 as planned and 50% of this balance will be needed to mitigate the impact in year. This will need to be reviewed once further details are published by Government. |
| Ordinary Residency – LD Services | Risk of costs arising from other Local Authorities in respect of Ordinary Residency decisions affecting MKC's responsibility to pay for clients' Social Care. | Active | (0.225) | (0.225) | (0.225) | (0.225) | (0.225) | |
| Overpayments and Welfare Reform Reserve | Balance held to fund unexpected and unbudgeted impacts from welfare reform and address the financial risks from non-collection of HB overpayments. | Active | (0.835) | (0.835) | (0.835) | (0.835) | | The timing over the draw down on this reserve is not easy to predict due to the delays to the roll out of UC and reductions in working age claimants with overpayments which will no longer be deducted from on-going HB payments. |
| Total GF Budget Management | | | (16.739) | (17.856) | (16.661) | (13.065) | (12.465) | |
