

HOW DO SCHOOLS FORUM FEEDBACK TO COLLEAGUES

Contact Officer: David Gamble, Group Director School Improvement and Planning - MK 253052

1. Purpose

To inform the Schools Forum of methods currently employed to feedback information to colleagues and to prompt discussion on other appropriate methods that could be used.

2. Recommendations

That the Schools Forum implements appropriate methods for feeding back information to colleagues.

3. Issues

At a recent national Schools Forum conference aspects of best practise were discussed. One area that there is potential to improve on is the feedback from the Schools Forum to appropriate colleagues.

The following are potential routes for informing colleagues of decisions and useful information:

- The minutes, agendas and papers for these meetings are available on www.mkweb.co.uk.
- Half-termly/monthly meetings of Head teachers
- Inform (monthly schools newsletter)
- MK Governor – termly newsletter for all governors
- Termly meetings for governors and vice-governors (only if their addresses are known)
- Governors agenda briefing (start of each term)
