Exempt / confidential / not for publication	No
---	----

1. Purpose

1.1 The purpose of the report is to provide the Scheme of Delegation to the Regulatory Committee for their consideration.

2. Recommendations

2.1 That the current Scheme of Delegation for the Regulatory Committee be endorsed.

3. Background

3.1 There are a number of 'regulatory functions' which may only be exercised by the Council or a Committee thereof.

3.2 The Council delegates the Regulatory functions that it has to the Regulatory Committee, however in many cases it is not appropriate for the Committee to discharge these in its full form, and instead, it delegates these functions or decision to be undertaken or made by officers or by a Sub-Committee of the main Committee.

4. Issues and Choices

4.1 To endorse the Scheme of Delegation at the attached **Annex**.

4.2 To make changes to the Scheme of Delegation.

5. Implications

5.1 Policy

If the Scheme of Delegation is altered then policies may need to be altered to reflect any changes.

5.2 Resources and Risk

Changes to the Scheme of Delegation may result in changes in resourcing due to officer time co-ordinating Committees and publishing papers.

5.3 Legal

Only those functions delegated to the Regulatory Committee by Full Council may be discharged by the Regulatory Committee.
