Responsible Authorities Group (RAG) 20th September 2012 Decision Report

Subject: Community Safety Forum (5 October 2012)

Reason for report

To update RAG members of the current Community safety Forum event Agenda on the 5 October 2012.

Items for consideration

- Finalise the agenda
- Consider holding a Community Safety Practitioner event in spring 2013.

Background

Historically SaferMK held an annual Community Safety Forum for all agencies involved in the community safety environment. Due to a number of factors the last forum was held in 2010. A number of changes have taken place not just with the partnership but its agencies and the forum should be used to explore how we move forward as a wider partnership with the emphasis on partnership working in the future.

An agenda (see Annex) has been developed, with a strategic emphasis exploring how the partnership can support other agencies and also how the partnership can benefit from better working arrangements with other organisations.
