3. That the Council's four-year financial strategy be approved and the implications of the 2007/08 budget in the draft budgets for 2008/09 – 2010/11 be acknowledged.
4. 5. That the reserves strategy of protecting balances wherever possible to allow the option of supporting future years' budgets, aiming for a minimum level of unallocated general fund reserves of £7.5m at the end of 2007/08 having regard to the outcome of the financial risk assessment be confirmed.
6. That £600,000 of the projected 2006/07 Revenue Budget underspending be set aside as a reserve for the purposes of meeting the unpredicted costs of pressures in Children's Services during 2007/08 after taking into account the £1.4m additional funding on top of demography and inflation.

Regulation Act 1984 and subject to the final position for the spending of the projected surplus from the 2007/08 Parking Account being finally determined at a review at the close of the financial year.

9. That the Fees and Charges be approved.”

The Council received reports from the Chairs of the Policy Development Committees, which had considered the draft Revenue Budget.

Councillor Wilson moved the following amendment, which was seconded by Councillor Legg and on which a recorded vote was requested on each individual clause:

- “1. That all the words after ‘reserves’ be deleted from recommendation 2 and the following words added: ‘to commence the preparatory work to establish a programme to regenerate the original estates and older towns including estates such as Netherfield, Bradville, Greenleys, Stacey Bushes, Hodge Lea, Stantonbury, Beanhill, Coffee Hall, Tinkers Bridge, Fishermead, Conniburrow, and the Lakes and that the draft programme be published for consultation by September 2007”.
- “2. That all the words after ‘strategy’ be deleted from recommendation 3 and the following words added: ‘would be greatly improved by the Council recognising that some Parish Councils are disadvantaged as a consequence of having low housing valuations. The Council understands that it is unfair and regressive for poorer areas to have higher Council Taxes simply because of low valuations. The Council therefore agrees to rectify this by asking the Cabinet to produce proposals to ensure that those Parishes that have below average Council Tax Bases are provided with grants to ensure that their areas are not penalised.

That the Council notes that it is too late for implementation in 2007/08, as all the Parish Councils have already set their precept, and therefore agrees to ask the Cabinet to produce proposals in time for the 2008/09 financial year.”

- “3. That the following words be added to recommendation 4 ‘and agrees that all details of the proposed £2 million of workforce savings will be discussed with the Group Leaders before

they are implemented by the Cabinet, Cabinet members or Chief Officers.”

“4. That all the words after ‘That’ be deleted from recommendation 6 and the following words added: ‘the Children’s Services External Placements Budget should be set at the level identified by officers to the Learning and Development Policy Development Committee on the 18 January 2007 for the year 2007/08 and in addition to setting a base budget of £8.79 million for this budget area the Council supports the Cabinet proposal to establish a reserve of £600,000.”

“5. That the following additional clauses be added: ‘That with the welcome growth of Bletchley as a major retail centre arising from the Stadium development and the secondary impact of IKEA/ASDA this Council agrees that on receipt of any LABGI money at least £1 million of this should be allocated to ensuring that the entry into Bletchley from Milton Keynes South is not congested or dangerous.

That the Council notes that the case to commence work on the B&Q roundabout is very strong and accepts that such work will be resourced from both capital and revenue monies and will be funded over at least two financial years.”

“6. That the following additional clause be added: ‘That this Council notes the importance of safe roads and pavements and believes that the following £1.150 million package of improvements funded from Reserves earmarked for 2008/09 should be used in 2007/08 to fund:

- “8. That the following additional clause be added:
