

“The 60 metre boundary of Prohibited or Consented Streets does not apply to the internal areas of shopping malls, permanent structures with covered areas and the outdoor walkways within the building structure and these themselves are not Prohibited Streets.”

If you wish to discuss this matter, please do not hesitate to give me a call.

Hello Kieran

Thank you for your response. I have reviewed your wording and taken my client's instructions and can confirm that your suggested wording is satisfactory and meets the required aim.

Please may I ask to see a copy of the report before it is sent to the committee?

Kind regards

Nick

Hello Nick,

Following your letter (attached), I therefore suggest the following wording instead (see part 2 of letter) before sending the report off to committee (deadline 28.02.18):

2.4The 60 metre boundary of streets designated as Consent and Prohibited, does not apply to the internal areas of shopping malls, permanent structures with covered areas and the outdoor walkways within the building structure; and are therefore not regulated by MKC Street Trading controls.

Please let me know as soon as possible.

Kind regards,

Kieran
