Suggest following condition that all outside areas are permitted to be used exclusively for smokers after 23:00. No consumption of alcohol or other refreshments shall be allowed in this area after 23:00 hours. The DPS/ responsible person shall make outside patrols to ensue compliance with licensing conditions at intervals of not less than every 15 minutes after 23:00 hours.

This is due to the close proximity of domestic properties.

Further to our recent representation, we wish to go to committee. Our concerns relate to the consumption of alcohol on the terraced area after 11pm on Fridays and Saturdays. With the forthcoming smoking ban we are concerned that customers may congregate in this area and cause a noise nuisance to neighbouring premises. We suggest these areas are not used for consumption of alcohol after 11pm to discourage the congregation of customers in this area.

We Suggest the following condition:

'All outside areas are permitted to be used exclusively for smokers after 23:00. No consumption of alcohol or other refreshments shall be allowed in this area after 23:00 hours. The DPS/ responsible person shall make outside patrols to ensue compliance with licensing conditions at intervals of not less than every 15 minutes after 23:00 hours.'
