

**Responsible Authorities Group (RAG)  
21 March 2013**

**Decision Report**

**Subject: Strategic Assessment 2012**

**Reason for report**

To present the draft Strategic Assessment 2012 for discussion.

**Recommendations**

1. That the Strategic Assessment be noted.
2. That RAG contribute to the final draft of the Strategic Assessment 2012.
3. That RAG Members authorise the production of the report that will be produced by the end of April as a public document following final agreement from RAG.

**Background**

The Strategic Assessment this year provides a variation to previous assessments, with more emphasis on the future years ahead and the challenges and opportunities the SaferMK partners will face. This is a developing document and further analytical work will continue for the Strategic Assessment 2013.

The Strategic Assessment 2012 is a thorough survey of crime and anti-social behaviour in Milton Keynes during the period January 2012 – December 2012. It also gives detailed analysis of the crime and ASB reduction methods operated by partnership agencies.

It goes on to make recommendations for future work in the light of current social, demographic and economic pressures.
