Hi David

Many thanks for your time spent in recent days with our application.

Now with regards to this Unit 5 – 2a Cambridge street, currently as things stands I do not have a tenant as the one who was showing an interest didn't materialise, it was him who required maximum hours for the listed items on our application.

In light with current representations and concerns, I think at this stage (something I didn't really want to do) I will reduce my requirements on my application to meet the following:

Supply alcohol Sun to Thurs 09:00 – 23:00 & Fri to Sat 09:00 – 00:00, Live/Recorded Music & Dance Sun to Thurs 09:00 – 23:00 & Fri to Sat 09:00 – 00:00 all with seasonal variations

Late night refreshments will not come into question now, therefore I have decided to withdraw (remove) this part off my application.

I think this will be a suitable and large adjustment to keep those representatives content.

Kindly get back to me should you require any additional information. I have just attached my original notice for your reference and the changes/amendments are mentioned on this email.

Kind Regards,

Bhavesh Rana
