

Petitions and Public Questions – Full Council (20 January 2021)

1. Petitions

Councillor Jenkins to present a petition on behalf of Wavendon residents which requests that Walton Road, Wavendon be considered as a pilot route for the establishment of a low traffic neighbourhood.

2. Public Questions

(a) Alan Francis to Councillor Wilson-Marklew (18/01/21 – 17.26)

“At the Cabinet meeting last month, I asked about the status of many of the recommendations from Climate Change Task and Finish group report in the Sustainability Action Plan. I didn’t get an answer to that part of my question so I’m asking it again.

Under Activity Stage in the Sustainability Action Plan about half of the recommendations from the Task and Finish Group have “recommendation”. Does that mean that that action is recommended by the Council, i.e. is a Council policy, or just that it is recommended by the Task and Finish Group and so is not a commitment by the Council? “

(b) Alderman Bartlett to Councillor Darlington (18/01/21 – 19.14)

“There is concern about the approach to those seeking Council housing and other social housing in Milton Keynes, and particularly for those applying online.

Therefore can a review be made of the response and approach shown by this Council to social housing applicants that understands and reflects their needs, points them in the direction of other social housing providers with contact information and that this Council establishes a working housing partnership with other providers similar to that of Northampton Borough Council?”
