Dear Mr. Londy,

**The Plough Public House, 72 Walton Road, Wavendon
New Premises Licence**

I have been instructed by the Parish Council to write to state our objections concerning this licence application.

- The extended hours on Friday and Saturday have the potential to create a disturbance to neighbouring properties and the village as a whole
- With the change in the 'Live Music' application, there is no limit to the number of performers, (previously restricted to 2 performers), therefore the concern is that a band could be in situ causing late night noise
- Concern over the general increase in traffic, at this position in Walton Road, that the change in licence could generate
- There is also concern over the fact that smokers will have to go to an outside smokers area if the premises are non-smoking and will certainly have to do so when the new act comes into force thus causing even more noise disturbance to near neighbours

We would request that if this licence is granted, given the extended hours, times for window closures be put in place to provide some protection from noise pollution for close neighbouring properties.

Would you please keep us informed as to when this application comes before the Licensing Committee.

Yours faithfully,

Monica Fahy
Clerk to Wavendon Parish Council.
