

## Strategic Priority 1: Starting Well: Giving every Child the Best Start in Life

Officer Lead: Michael Bracey Board Sponsor: Cllr O'Neil

Key highlights and challenges

Proposed Board Member Action

### Priority Focus 1: Reduce Domestic Abuse

There have been significant issues over the data for the last 2 years. The focus since the last HWB has been getting up to date accurate data. Data has now arrived and is being analysed. The data will go to the SaferMK Business Management Group on 7 December, for their approval and clearance. Once approval has been given, the data will be sent to the HWB.

To note progress in getting the data.

To request the Starting Well Working Group to bring a report to the next HWB on what further action is needed based on the findings of the data.

### Priority Focus 2: Child and Adolescent Mental Health Services (CAMHS)

The Milton Keynes Local Transformation Plan has been approved by NHS England so financial resource will be made available to the CCG .

Work has now commenced in four priority areas:

- Eating disorders – access and waiting time standards
- Hospital liaison and support
- Access and behavioural support
- Perinatal mental health

The Board to note progress

### Priority Focus 3: Number of households in temporary accommodation in Bed and Breakfast only

Numbers continue to increase. A new supply of temporary accommodation is being brought into use with new providers.

This is an area that Starting Well will review and bring a progress report to the next HWB.
