Hi Kat, I replied to a Tweet from Ben Everett mp on the 20/05/20. His tweet was stating that he had just voted in favour of the Government Immigration Bill. My reply was “ Thank you Ben. It is time to stop the invasion of Migrants and time to send a lot back”. I was trying to refer to the number of illegal immigrants arriving by small boat into the Country and not those that have or are entering legally. I do now see how that was not portrayed by my response. As soon as I was made aware of the fact it was wrong I deleted the reply, made a public apology and referred myself to standards.

I hope this is what you need as it is all of the facts.

Regards

Terry

Dear Councillor Baines,

Could you please provide the details of how this self-referral arose? The text of the original comment and where it was posted, visibility etc.

I would like to have the matter determined as soon as possible and so would be grateful if you could forward me these items by the end of the week?

Kind regards

Kat
