UPDATE AND PERFORMANCE REVIEW OF THE HEALTH OF OUR CHILDREN IN CARE AND CARE LEAVERS

The Panel received the Children in Care Annual Report 2020/21.

M Park (Designated Nurse [CCG]) informed the Panel that, since the beginning of the pandemic, there had been collaborative working between partners to continue providing a quality service for children in care.

The Panel noted that initial health assessments were to be completed within 28 days of a child coming into care, however, only 62% had been achieved within the statutory timescale.

It was noted that health assessments had been delayed due to the following:

- (a) non-attendance within the teenage age group;
- (b) young people who had gone missing from placements;
- (c) young people who had moved placements; and
- (d) foster carers who had cancelled appointments.

The Panel were informed that review health assessments for the under-5's were held every six months with the over-5's held annually, and immunisation and dental performance had been significantly impacted due to the pandemic.

The Panel noted the BLMK achievements for 2020/21 and the Workplan and priorities for 2021/22.

RESOLVED -

1. That the presentation be noted.
2. That the results of the Strength and Difficulties Questionnaire (SDQ) be provided to a future meeting of the Panel.
3. That the SDQ be opened to the Voice of the Child and feedback be provided at a future meeting of the Panel.

- (c) since the pandemic, they had supported young people into the home whilst managing the transition of one young person to their adult placement.

N Davies (Manager [Westminster House]) informed the Panel of the following:

- (a) Westminster House provided long stay residential care for children and young people with special needs aged between 10 - 19 years; and
