**Collective Worship:**

MM updated all, see attached.

There is great concern that no Councillors are present to make SACRE meetings quorate.

**Communication:**

LT reported that she had spent time at Rivers and should be able to start making amendments by the end of Summer and will forward these to SACRE. PS thanked LT on SACRE behalf for the time and dedication shown to this project.

**Budget:**

MM reported that the budget has now been fully allocated and the funding covers all aspects and future developments.

Shammi is still to arrange Secondary RE Network meetings, this will pass onto Sara Smith, our new contact at Denbigh.

**Priorities for the next 3 years:**

A meeting took place and several key development areas were identified, see attached SACRE Development Plan 2020 – 2023.

MM to advise how this plan can be incorporated into the SACRE meeting Agenda and prioritise the items identified.

**Wider awareness:**

AA stated that on the national arena there is quite a lot going on including discussions about the purpose of RE and the disciplines. When SACRE is quorate it might be worth discussing the Syllabus Review. We need to equip ourselves in moving forward and writing the next Syllabus. AA requested that all SACRE members keep abreast of national news and bring this to the next meeting. Discussions need to be made 6 months prior to the date of launch with a decision to defer.

Meeting closed : next planned meeting 25<sup>th</sup> November.
