Subject: [EXT] Fenny Stratford premier hours extension

Thank you for your email regarding your objection for my license extension,
The reason for my application is for my customers who finish late from work and are unable to buy
stuff for their needs.

There are many 24hr shops next to pink punters, and it isn't certain that people won't get
pre/post drinks from them stores.

All of our staffs are fully trained to not sell to drunk people and ID anyone who looks under 25 so
they can be certain they don't sell to underage. We have 5+ years of experience and we will sell
under strict licensing objectives to keep everything under control.

If you have any issues, feel free to email me

Thank you
Mrs D Manohar
