

Milton Keynes Community Safety Partnership

Responsible Authorities Group (RAG) Information Report

Subject: Domestic Homicide Review Mrs Kim Jeffery

Reason for report

Consideration for closure of DHR

Background

On the 16 April 2011 RAG members were informed of the death of Mrs Kim Jeffery as a result of suspected domestic homicide. On the 19th April 2011 Cllr Williams requested a DHR be convened according to national statutory guidance and on the 9th June 2011 RAG approved the review should be commenced. Since this date Dr Louise Westmarland has completed a DHR and attached is the final report. In summary a thorough and comprehensive investigation has been completed and on the 15th March 2012 the findings were presented to RAG prior to the completion of the final report. A concluding meeting has now taken place with panel members and the final report agreed by those individuals. Also as a consequence Neil Dodds has written a DHR proposed protocol which is attached. It should be noted that this has been a learning experience for those involved and lessons to be learnt included within the protocol. Throughout the enquiry all agencies have been cooperative when contact made.
